

Where finance and green technologies meet

Supported by:

With funding by:

Implemented by:

EBRD GEFF JORDAN

Amman

General Information

GEFF achievements up to date

More than
170
Participating Financial Institutions

Over
€5 billion
of EBRD finance

More than*
218,000
Investments undertaken by
Participating Financial
Institutions' clients

Know-how in
29
Countries of Operation

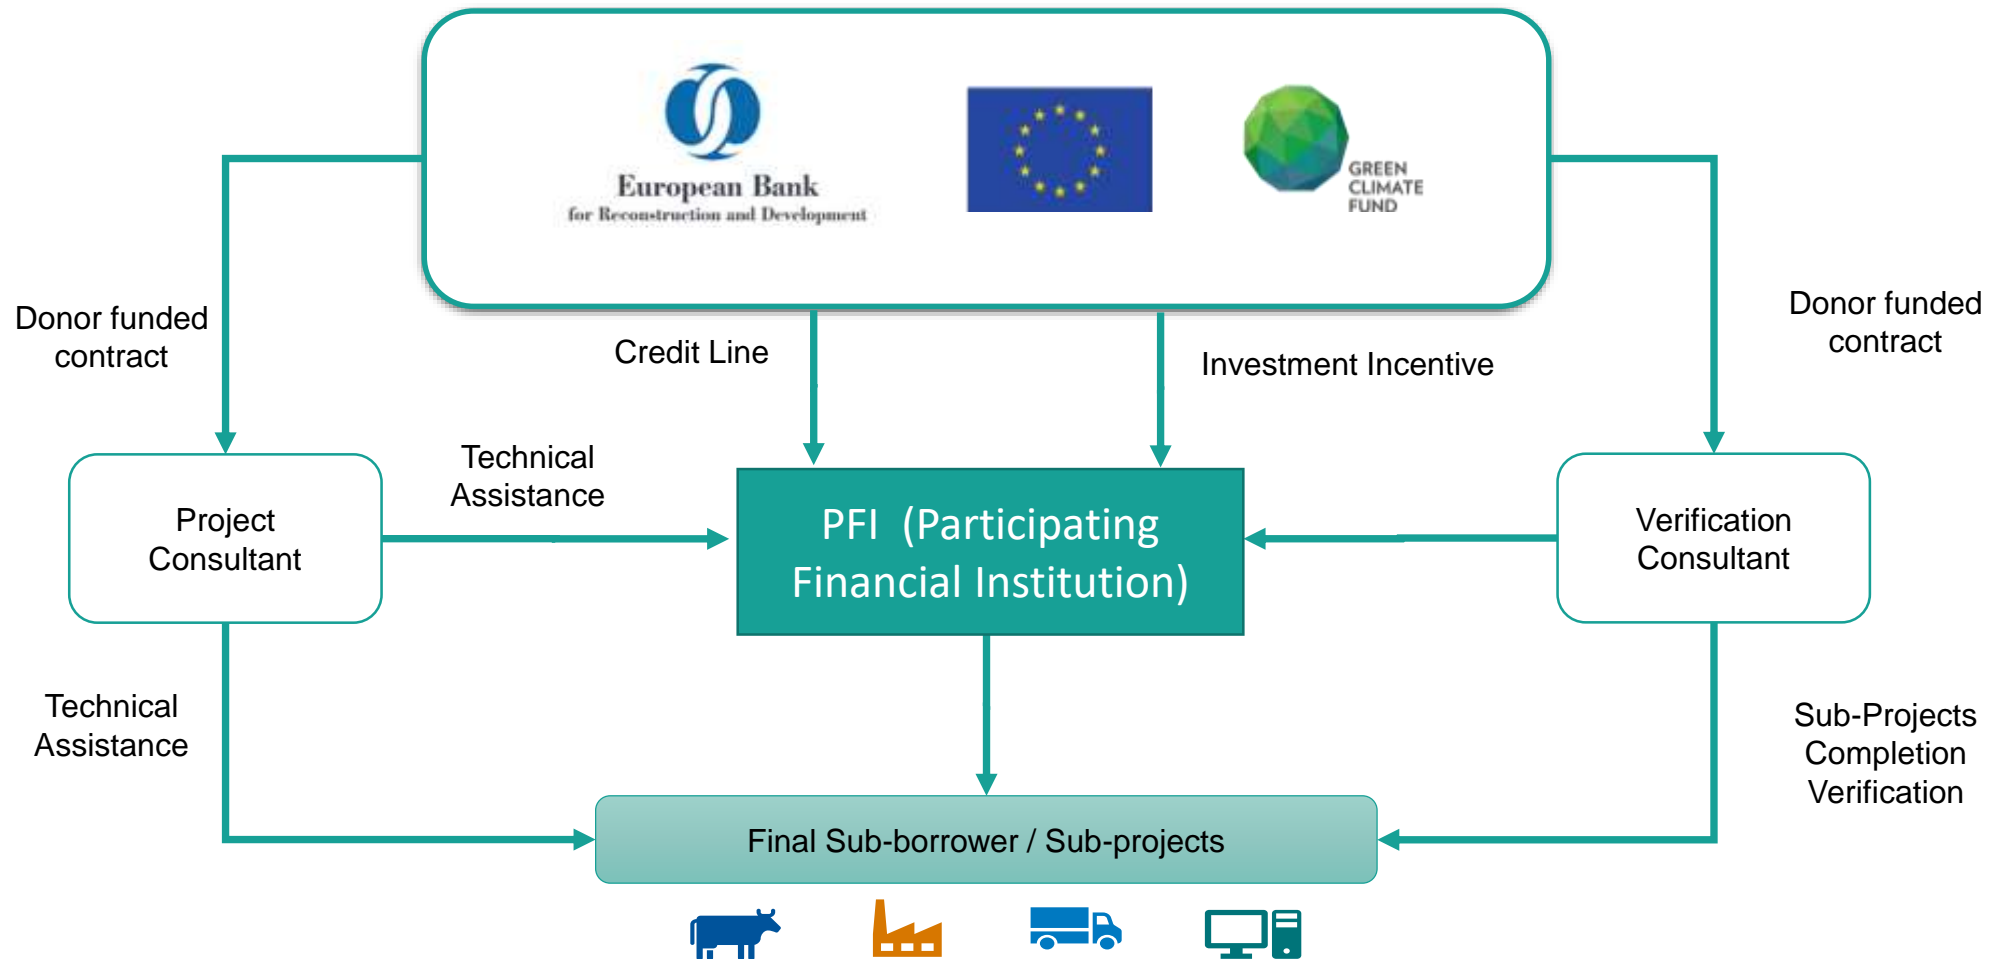

Over
15 years
of experience and know-how in
green banking

Reduced* over
9.5 million
tonnes of CO₂ emissions per year

* Figures correspond to finance provided by the EBRD and its co-financing partners where applicable

General Information

Stakeholders Relationship

GEFF Jordan \ Participating Financial Institution

Climate objectives

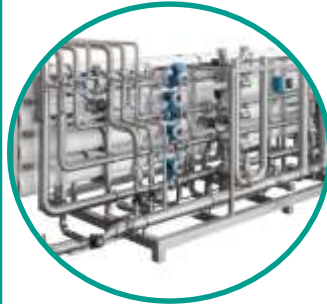

ENERGY EFFICIENCY

- Replacement of equipment
- Min 20% energy efficiency improvement (or CO2 emission reduction)
- Increased capacity (Best Available Technology)

RENEWABLE ENERGY

- PV electricity and heat
- Biomass, biogas
- Waste-to-energy

WATER SAVINGS

- Equipment or technologies to reduce water consumption and / or improve water use (min 20%)

WASTE REDUCTION

- Equipment or technologies to reduce waste and / or improve the use of resources (min 20%)

BUILDINGS

- New Certified Green Buildings (Residential Commercial)
- Rehabilitated buildings with energy performance improved by 30%

SOIL PROTECTION

- Reduction of soil erosion, soil salinity (min. 20%)
- Increase of soil carbon content, soil water capacity (min. 20%)

CIRCULAR ECONOMY PROJECTS

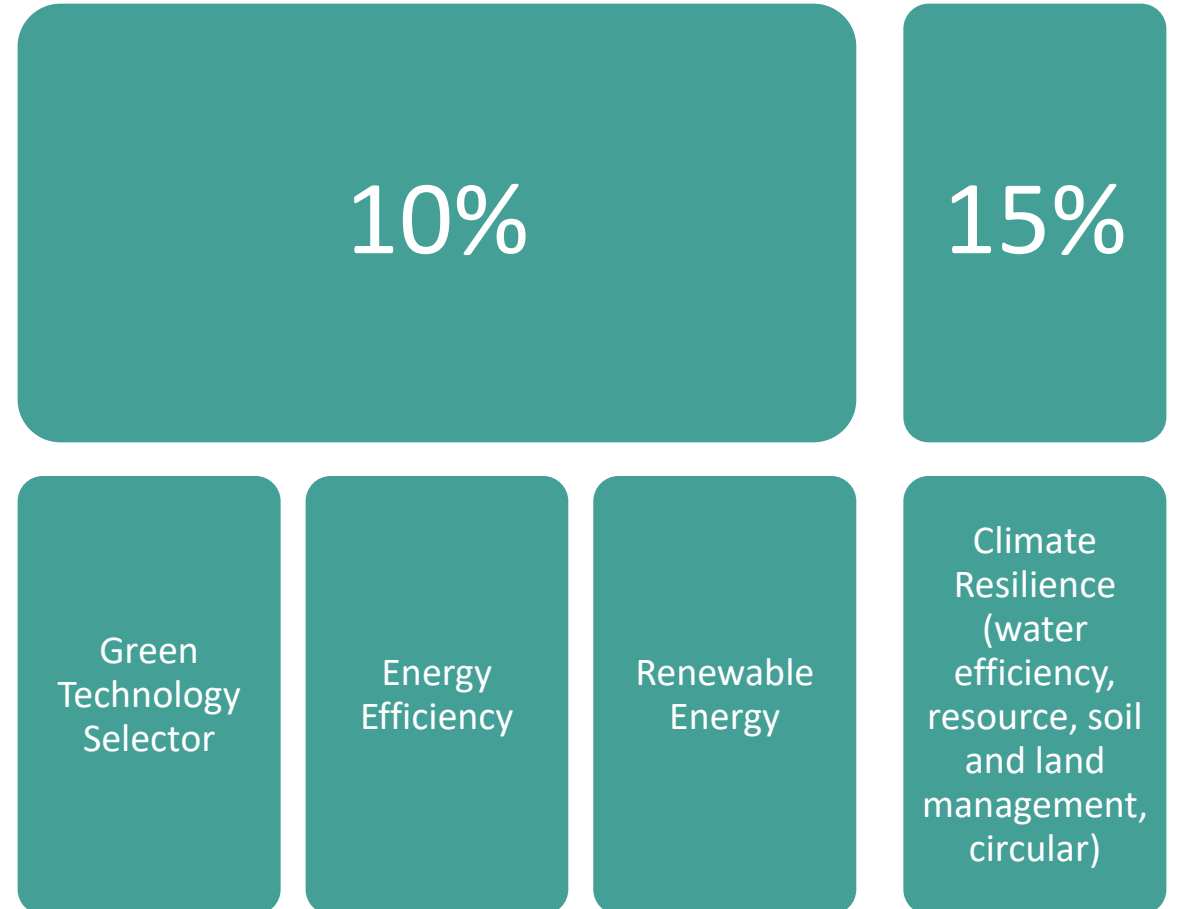

- Projects changing waste into resource leading to resource efficiency (min. 20%)
- Production of products dedicated to resource efficiency

**Expansion up to double existing capacity*

Companies and Projects size and Investment Incentive

- ❑ **Micro, Small and Medium Enterprises (EU SME definition):**
 - ✓ Up to EUR 50 million or
 - ✓ Balance sheet up to EUR 43 million &
 - ✓ Up to 250 employees
- ❑ **Up to 1 000 000 USD per loan**
- ❑ **Up to 2 000 000 USD aggregated per client**
- ❑ **Investment incentive**

Project Examples

Buildings – Assessed projects

Green Building Certification

SILVER

STANDARD

GOOD

BRONZE

B

or

Energy saving of 30% compared to baseline performance, via any combination of energy efficiency or renewable energy measures

12.08.2022, 10:51 CERTIFICATE 124-4950-7015-0004-12.08.2022 - 01/2022 - JORDAN

Certificate 124-4950-7015-0004-12.08.2022

W121/22
Jordan

The following products are available through local systems that are registered on the Green Technology Selector

Appliance
Bosch Climate 5000 RAC 7-2 OUE
For Bosch
Efficient, effective and environmentally friendly

Cooling capacity	7.00 kW
Energy Efficiency Ratio (EER)	4.10
Annual energy consumption	422.00 kWh/a
Seasonal Energy Efficiency Ratio (SEER)	16%
EEI energy label	A+++

Web-based tool

Products eligible for GEFF in Jordan Financing

> 900 products available via Jordan vendors

Verification by experienced engineers

> 35 000 eligible in Jordan products

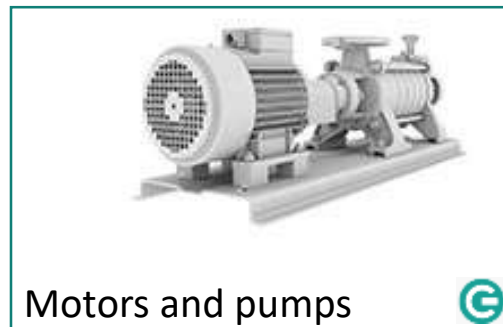

> 100 Jordan vendors registered

Project Examples

Manufacturing - general

**Achieve a reduction
in energy
consumption of at
least 20% when
compared to the
“Baseline”**

Project Examples

Agriculture

Achieve a reduction in soil erosion of at least 20% when compared to the “Baseline”

Drip Irrigation 

Terraces 

Hydroponics 

Organic Fertilizers 

Greenhouses 

Equipment
